## **Powering Your Jayco 12V amp 240V options Jayco Adelaide**

March 21st, 2019 - Tim I want to use portable solar panels to charge the battery that is installed in my jayco swan As the van already has the black box which is the converter as well as the trickle charger for the battery is it possible to get solar panels that have a 240 volt plug on it that I can just plug into the vans power inlet so instead of using the caravan parks 240 volt power to run my van I can

## **Battery Basics Guide to Batteries BatteryStuff**

March 18th, 2019 - BatteryStuff Tech If the battery is going to be inside the vehicle we recommend an AGM battery or Gel battery If you plan to have the vehicles alternator to charge the battery your best bet is to go with an AGM You would need to isolate the vehicle battery from auxiliary battery using a Battery Isolator Be aware that if you plan to go this route the chemistry of the vehicle battery and the
